

2+2 Hooks List

Updated for OWL2 Jan. 28, 2006

If you're studying the 4s, chances are you already have the 2-letter words memorized. This is a "2-to-make-4" list in which each root word is a 2-letter word and each hook is also a 2-letter word. Using your existing knowledge of the 2s, this list will knock out about 15% of the 4s. The original idea for this list came from Ken Dutch of Lexington, Kentucky (<http://www.lexscrab.com>).

AB+ (8) AS BA BE ED ET OS UT YE
