

Bingos derived from the top ten 7-letter bingo stems

(NASTIER, STONIER, AIR-TONE, ENTRIES, ERASION, ATONERS, SARDINE, SERIATE, EASTERN, AIR-TOES)

Since you will have seven letters on your rack through most of the game, it can be handy to hook these letters onto (or wrap them around) letters which already exist on the board to form an eight-letter bingo. The combinations shown above are the most useful for this in terms of frequency of appearance and versatility, and the lists below are the words which can be formed using them.

Common words are omitted from these lists.
